LB 77, 90, 257, 64

CLERK: Mr. President, Senator Goodrich asked unanimous consent to print amendments in the Journal to LB 90. (Refer to page 1168). Senator Rasmussen asked unanimous consent to print amendments in the Journal to LB 257. (Refer to page 1169). Mr. President, an explanation of vote by Senator Stoney and by Senator Mills. (Refer to page 1169).

SPEAKER LUEDTKE: It shall be so entered in the Journal. Just want to bring to your attention the fact that today we have the proposed consent calendar for tomorrow. Would you please note that we have added a list of those bills which received one nay vote in committee. Please look over this list very carefully and any three of you that do not want it on, any introducer, any committee chairman, let me know by tomorrow whether you want your bill or any of the bills stricken from the consent calendar. Let's not wait until we get into debate for 5 or 10 minutes to decide to take it off of consent calendar. It would help all of us if we know before we get on the consent calendar. We're now ready for special order today. In place of the criminal code, we are going to take an hour on LB 64, Senator Chambers' bill. We would have Senator Chambers... read the bill.
